### IMPACT HIGHLIGHTS

- More than 6,000 patient visits and contacts were completed
- A new provider, Stacie Cocke, joined us as a primary care physician assistant
- Through funding from Blue Cross Blue Shield of Michigan Foundation, we partnered with Exalta Health and hired a social worker to integrate behavioral health care services at the clinic
- AstraZeneca Health Care Foundation, through its Connections for Cardiovascular Health<sup>SM</sup> program, partnered with us through a major grant to improve heart health in low-income patients
- We assisted patients in obtaining more than \$260,000 worth of needed medications through our Medication Assistance Program (MAP)
- Multiple partnerships helped us teach people to improve their health through exercising, gardening and preparing healthy foods, learning about health management, and more
- Continual improvement to our electronic health record has helped us to better document patient care and meet regular quality improvement standards
- We helped hundreds of people find health insurance products that best fit their situations through our Navigation services
- All of these and more were accomplished thanks to generous support from donors and grantors
